“Our resolute and rapid strides in the field of renewable energy have encouraged us to extend our goal of the renewable energy installed capacity from 175 gigawatts by 2022 to 450 gigawatts by 2030. Due to such big steps, India is being considered as the most attractive market for clean energy”

Narendra Modi
Prime Minister

ABOUT RE-INVEST 2020

Keeping up with the 'new' normal and to ensure safety amid the COVID-19 pandemic, India's biggest Renewable Energy event, will be held online from 26 – 28 November 2020. The 3rd Global RE-INVEST Renewable Energy Investors Meet & Expo, organised by the Ministry of New and Renewable Energy (MNRE), Government of India, will feature a 3-day digital conference on renewables and future energy choices. There will also be a virtual exhibition of manufacturers, developers, investors and innovators.

RE-INVEST 2020 will be a digitally-enabled global platform based on the theme 'Innovations for Sustainable Energy Transition'. It aims to accelerate the worldwide effort to scale up development and deployment of renewable energy and connect the global investment community with Indian energy stakeholders.

WHY EXHIBIT AT RE-INVEST 2020?

The 3rd Global RE-INVEST provides an opportunity to RE stakeholders from across the globe to showcase Renewable Energy Products, Services, Technologies, Innovations, Best practices and success stories on a customized official digital platform to focused partners and investors.

In this time when travel is restricted, and the world is progressing through the virtual medium, the third RE-INVEST will provide your business and efforts the right linkages to enhance their value chain.
